To Whom It May Concern:

Action Products, Inc. manufactures medical padding products that are intended for use in medical applications where it is desirable to reduce the interface pressure between the patient and the surface that supports the patient's weight.

These products are primarily made of Akton® Viscoelastic polymer, which is a soft synthetic rubber material. **This material does not contain any latex, silicone or plasticizers.**

If you have any further questions or need more information, please contact our Customer Service department at 800-228-7763 or 301-797-1414.

Sincerely,

Robert T. McKnight
President
