

4-IN-1 MULTIFUNCTIONAL ELECTRIC LIFT **EZee Life[®]** TRANSFER, SHOWER, & COMMUNE CHAIR

CH3076

This versatile patient commode/shower transfer chair functions as a shower chair, wheelchair, commode chair, and transfer chair. The electric height adjustment makes clients transfers to and from the bed effortless, removing the need for caregivers to manually lift patients. This innovative design maintains the client's dignity compared to traditional sling transfer systems. Additionally, it can be used as a bedside toilet or over the toilet for client toileting.
